To whom it may concern,

I am writing this letter to recommend Derek Jensen. In my experiences with Derek, he has shown several qualities that allow me to recommend him to you. He is extremely dedicated to whatever he is pursuing and is one of the most talented wrestlers in the country. During his time on the Hunter High Wrestling team he has completed two back to back seasons of never missing a practice, two seasons as a Team Captain, holds the take-down record at Hunter High School, is a three time region placer, a two time Region Champion, is a three time State Tournament Qualifier, and placed 4th in State during the 2011-2012 season. These numbers look great but they do not tell the full story for Derek. During each of his seasons here he has been wrestling opponents that are all heavier than him, however he has never complained and still been able to thoroughly dominated the vast majority of his opponents. He has a high tolerance for pain, is extremely quick, and a high level wrestling skill set.

In addition to working with Derek in the Wrestling room I have had the pleasure of having him in my classroom as a student and a T.A. In my classroom he successfully navigated my U.S. History course, a weight lifting/athletic course, and completed all tasks asked of him as a T.A. My association with Derek has helped me to become a better person and so it is with all of the others that he works with. I give you my full recommendation of Derek and I know that he will be successful in whatever endeavor comes his way.
